The picture above shows The 102 College Avenue House. It is located in a residential neighborhood near Downtown Ruskin.

The name of this historical building is The 102 College Avenue House. The 102 College Avenue house was built in 1923.

The address of the 102 College Avenue house is 102 College Avenue Ruskin, Florida 33572.

The structure of this building is the earth red and blonde bricks. It has a very unique pattern with the colored bricks.

This building was built for a residence of people to live in. It is still used for that purpose.

The 102 College Avenue house is surrounded with tall trees and plants. It has well maintained lawn in the front of the home.

The 102 College Avenue House has a fenced in back yard and is across the street from Ruskin Elementary School. It is located in a residential neighborhood and is close to the commercial district of downtown Ruskin.

In the neighborhood there are some other attractive houses but none of those houses in it's neighborhood are historical buildings that I know of.

I think its important to save historic buildings because they are an important part of Ruskin history and some famous people lived there too. Some of the buildings might be torn down. I really hope that all historic homes and buildings will be saved.
