The picture above is "The Castle." It is located on the Ruskin Inlet which is a part of The Little Manatee River. Isn't it beautiful?

The name of this house is The Castle. Most local people who know the house know it as "The Castle".

The Castle was built in 1926. It underwent major renovation in the 1940's or 1950's according to the current owner.

The address is 601 4th Avenue South-West Ruskin Florida 33570.

The castle was built for people to live in it and it was to people to sleep. At some time an extra "In-Law building was added onto the back of the original structure.

The castle will be important to save for we will not lose more and more historic Ruskin homes.

The castle looks like a very special, beautiful, and caring place. In fact the style of the roof and the rest of the house is Mediterranean style.

The stuff that is around the castle is some trees, and The Little Manatee River that flows right by the front of the house.
